

DRUG/ALCOHOL CONTRACT

(As requested by your very own teammates)

If any team member is caught by authorities with (in possession of, or using) alcohol or any illegal/unauthorized drugs, they must agree to the following consequences in order to compensate for any damage inflicted to the team or the team's reputation in the community.

In order to stay a member of OIRA, they will have to complete a challenging, multi-day workout regimen prescribed by a coach. They must at this time also discuss with the coaches and the team what the situation was and explain the consequences in order for the other team members to learn from their experience.

This will be done on his/her own time. To enforce this, a parent's signature is required to verify that the individual completed the workout.

They will also not be able to attend the following regatta after the committed offense, though they are still expected to attend the practices up to that regatta.

I agree to these terms by signing here:
